PROFILE

MBA candidate combining an electrical engineering foundation with nine weeks of operations experience at a sponge iron plant. Experience in material-flow mapping, consolidating shift records and investigating downtime. Comfortable with Excel and foundational Python and SQL; seeking an operations or analytics role focused on practical problem-solving and continuous learning.

EDUCATION

MBA - Operations Management & Business Analytics 2025 - 2027 · ongoing
Amrita School of Business, Amrita Vishwa Vidyapeetham, Coimbatore | CGPA: 6.83

B.E. - Electrical & Electronics Engineering 2021 - 2025
PSNA College of Engineering and Technology, Dindigul | CGPA: 7.15

CBSE: XII - 77.2% (2021) | X - 75.83% (2019)
Velammal Vidyalaya, Viraganoor, Madurai

EXPERIENCE

Summer Intern - Operations Apr - Jun 2026
Agni Steels Pvt. Ltd., Sponge Iron Division, Perundurai

- Mapped the material flow of a 100 TPD plant, from raw-material receipt to finished-product dispatch.
- Consolidated daily shift logs into one dataset and compared them with lab quality results to investigate the main cause of unplanned downtime.
- Worked with shift supervisors, the QC lab and operations staff to collect and cross-check daily records.

In-plant Trainee Feb 2025
TANGEDCO - Valuthur Gas Turbine Power Station

- Observed start-up, shutdown and equipment monitoring at a 187 MW combined-cycle power station.

In-plant Trainee Feb 2025
TANGEDCO - Sub Load Dispatch Centre, Madurai

- Learned how regional load scheduling and SCADA-based monitoring are handled at the dispatch centre.

SELECTED PROJECT

InventoryIQ - Inventory Decision Tool Self-directed
Python / Streamlit · Inventory planning

- Built a tool applying EOQ, reorder point, safety stock and ABC analysis to twelve sample retail products.
- Provides a plain "order N units" suggestion and what-if analysis for changes in demand and lead time.

SKILLS

Tools: MS Excel; Python (pandas, basics); SQL (basic queries); Git & GitHub; AutoCAD 2D; MATLAB.

Concepts: Inventory planning (EOQ, reorder point, safety stock, ABC); control charts; root-cause analysis; Six Sigma basics from MBA coursework.

Working style: Attention to detail, teamwork, willingness to learn and clear written communication.

CERTIFICATIONS & OTHER DETAILS

Certifications (2025): Six Sigma and the Organization (Advanced); Microsoft Office Specialist; AutoCAD 2D (Internshala); Generative AI Mastermind.

Languages: Tamil (native), English (professional), Japanese (elementary).
Interests: Football, reading and video editing.
